ABOUT US

CABS Home Attendants Service, Inc. was established in 1980 to provide home care services to the elderly and disabled residents in the local areas. Today CABS has become the leading home health care agency in five boroughs of New York City, including Nassau County, serving over a thousand of clients.

CABS is licensed by the New York State Department of Health to provide a full range of home care services, including home health aide, home attendants and housekeeping along with other specialized services.

CABShomecare.org

WHY CABS?

- CABS has a history of delivery quality home care services for over 40 years.
- CABS maintains an A+ rating with the Better Business Bureau (BBB).
- CABS Intake has always been focused on working with health plans to provide a seamless transition for our clients' specific needs, resolving the problems and responding effectively to emergency situation.
- CABS has a reputation of advocating for clients beyond home care needs by partnering with community services and organizations to provide full comprehensive services to our clients. NY Police Department, NY City Health and Hospitals Corporation, Gotham Clinics are our long-time community partners just to name a few.

OUR PHILOSOPHY

- CABS brings innovative healing, teaching and discovery together.
- We engage with social, city and state resources to assist with the care of vulnerable clients while connecting them to social support services to better serve the community.
- We heal the community by providing emotional support to the most vulnerable and/or frail population. Our registered nurses have helped reduce hospitalization by providing care and assessment in the client's home instead of emergency room or hospital.
- We educate our frontline staff and home aides how to better service our clients and to provide quality care.
- We discover that it's not just one thing that contributes to our clients' care, but supporting and working with their families can impact their overall health and wellness.
